Chief Plague officer may retain such of the establishment as is actually required and reduce the rest with effect from 1st Nov 1899 instead of reducing all the establishments and applying for fresh sanction as in the case of Veeranna's lines where there is already an establishment costing Rs 29/- per mensem and no fresh sanction is required for its entertainment or retention. Sir,

As called for in your docket no. 3732 dated 12th instant, I have the honor to submit herewith a statement showing the particulars of reductions effected and the establishment retained from the 1st November 1899 and to state that in effecting the reductions, it was originally intended, as apparent from the statement submitted with my letter no: 1063-4 dated 13th October 1899, to curtail as far as possible the Plague Establishment

in the Mysore City. Subsequent experience showed the necessity for certain modifications in the Reductions - Under the impression that the proposal already submitted met with your approval and that retention of further Establishment should receive formal sanction, applications were made from time to time with fresh proposition statements.

(1) With regard to the Establishment at the Viramalai Lines I may submit that a sweeper on Rs 5/- has already been sanctioned in Government Proceedings no: 1803-4 dated 7th June 1899, and no additional hand has been applied for. The proposition statement submitted with my letter no: 1269 dated 4th instant includes only the sanctioned Establishment proposed to be retained -

(2) The services of both the clerks on Rs 15 each at the Disinfection Camp were at first dispensed with, but one of them has since been retained for writing Observation notices &c.

(3) The pay of the Driver of the Disinfection Camp has been reduced from Rs 65/- to 30/- as suggested, and the Fireman (on Rs 15) appointed both Driver & Fireman on Rs 30 - The separate appointment of a Fireman on Rs 15/- has been abolished and the Driver, Mr Rice has

has been returned to his original work at Belagol
